Large Animal Patients Needed for Clinical Studies – November 2020

The following clinical and farm studies are recruiting patients at UW Veterinary Care. Some trials recruit healthy animals as controls. Many trials provide a reduction in the cost of treatment. For more information on any studies, please visit our webpage: uwveterinarycare.wisc.edu/clinical-studies, or call the clinic and speak to a member of the specific service: 608-263-7600, press 3 for the large animal hospital. Thank you for helping improve the health of animals.

- Orthopedics – ask for Dr Sabrina Brounts
  - Horses with Degenerative Suspensory Ligament Desmitis – investigate genetic heritability of this disease
